The Handmade Pie & Ale House

Welcome To Our 'House' We make our handmade pies fresh constantly, however, they are then soon eaten by our lovely pie peeps and availability changes regularly throughout the day. The pies shown below are what we had when we kicked things off this morning and as the day moves on we may have more or less choice, therefore, the list below should be treated as a guide only, so please check actual availability at the time of ordering.

We are not a fast food restaurant and please bear in mind that good home cooked food takes time. From the point of ordering, your pie is then baked freshly, just for you. This does take a minimum of 20 minutes, in the meantime just sit back, relax and allow us to do the hard work for you...
